Message by Academic Director

Being an academic director, my persona always strikes towards the balanced qualitative as well as quantitative approach for any mind boggling problem.

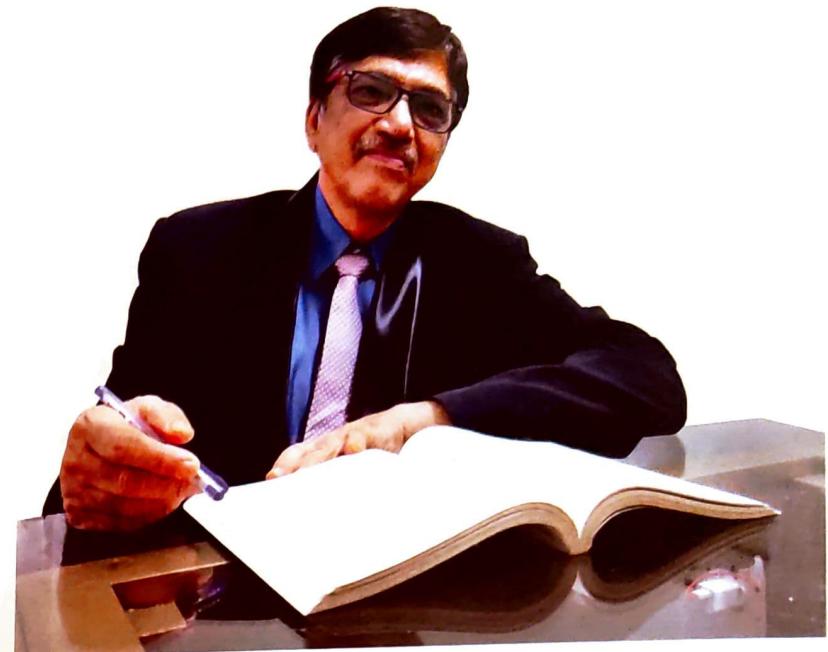

I, Harshvardhan S. Dholey, Being an IITIAN from IIT, Powai & Having an ample experience in Offshore engineering from one of the leading and most prestigious public sector company ONGC. Inspite of serving in the public sector organization, I have been providing helping hands of teaching for 20 Years to needy and poors so that they must crack the competitive exams and achieve their desired goals.

I, firmly believe that cracking any top level competitive examination like IIT, NEET, AIPMT, AIIMS, JIPMER, BITSAT, NDA, NATA, KVPY, NTSE, OLYMPIADS, 7th, 8th, 9th, 10th & 12th (Board) requires perseverance of highest quotient and extreme endurance levels. Each tyro when introspect to tread their own steps, he generally stressed on tightening his shoes firmly on the base of two poles "Time management" and "Stress management", which is the utmost demand and blatant desire of today's competitive era.

Needless to say, the endeavors to nurture and even further enrich the quality of education will be our constant resolve.

As for the rest, there will be changes, undoubtedly for the betterment of the future.

Wishing the very best.

TESTIMONIALS

SAGAR BANSOD
IIT, Bombay

I was simply an average student, I didn't join any tuition till std. VIII. My parents were strictly against tuition, because my mother is an employee in one of the reputed coaching class and she found very spoiling atmosphere there. Rahate Mam & Ram, sir came to my home for my admission counselling. She removed the fear of coaching system from my parent's mind and I took admission in Rahate's IIT And Medical Home in 9th CBSE. Initially I found it very hard to sit and used to complain to my parents about the tuition timing but now I realized that time period provided me the vision of my life, but now I achieved my desired rank. Thanks to Rahate's IIT And Medical Home for their efforts they put in me. I am sure Rahate's IIT And Medical Home is a major contributor to my success. The expert faculties of Rahate's IIT And Medical Home not only strengthened my concepts, but also cleared all my doubts, at any time of day I called. They kept encouraging me from time to time to work hard and think positive. The moral boost given by the professors was the key to my success. Thanks to Rahate's IIT And Medical Home.
